

# The Legal Practice Productivity Solution for Family Lawyers

# The best software for family law professionals

Thousands of family lawyers rely on LEAP every day, benefiting from organised matter types, automated forms, precedents, and instant online guidance. LEAP enables family lawyers to dedicate more time and attention to their clients' needs during emotional times.

## Exclusive Apps

We specialise in developing exclusive apps designed to streamline the daily tasks of family law professionals, saving them valuable time. Seamlessly integrated with LEAP, our latest app, Balance Sheet+, offers an efficient, easy and accurate way for family lawyers to capture the financial information of clients and enjoy automated property adjustment features.

## Innovation

Innovation drives everything we do. We are dedicated to continually developing new features and enhancing existing features in LEAP, ensuring that family lawyers have all the tools they need to excel in their practice. Our clients also benefit from LEAP's fully integrated suite of legal AI tools, including LawY, Matter AI, and Generator.

## Dedicated Team

Our team of experienced family law specialists is dedicated to providing unparalleled support and resources to family lawyers, empowering them to practice more efficiently and effectively with our software. We take a tailored approach, offering regular educational webinars and events specifically designed for family law practitioners.

*At LEAP, we recognise the importance of providing specialised products and services to our valued client base of Australian family lawyers. Having practised as a family lawyer myself, I joined LEAP with a mission to enhance our offerings specifically for family law practitioners. The LEAP Family Law team is committed to delivering significant additional value through specialised content and innovative developments, ensuring you have the tools you need to succeed in family law practice.*
